## Hambela Washing Station Natural Anaerobic | Org.

The Hambela Wamena Benti Nenka Washing Station is one of the three washing stations operated by Tega & Tula in the Guji region, where they work with 3,500 small-holder farmers to promote sustainable agricultural practices and ensure exceptional coffee quality. The name „Hambela Wamena“ comes from the Oromo language and means „Land of the Survivors.“ The washing station is located at an altitude of 2000 meters and spans approximately 1.2 hectares. This coffee comes from a carefully hand-picked and processed micro-lot. It grows in fertile clay soil, which supports optimal plant growth.

### CUPPING

**CUPPING SCORE**  
87 (TSP Q-Arabica Grader)

**CUP PROFILE**  
Apricot | banana | caramel |  
champagne | green apple |  
peach
